

DYMO®

LabelWriter® Series

DYMO Labeling Identification Solutions

Add fast, smart, cost-effective label printing to healthcare information systems

Compact, affordable, ultra-reliable DYMO LabelWriter label printers can make healthcare practices or laboratories more productive, efficient and professional. Print one label or hundreds, without sheet-label hassles. Print barcodes for electronic health records, healthcare labels, appointment cards, visitor badges and other custom labels. And do it all from within your existing healthcare software. The free DYMO Software Development Kit (SDK) makes it easy to integrate label-printing capabilities into an enterprise or legacy system.

DYMO LabelWriter Series:

**LabelWriter® 450****Professional Label Printer for PC and Mac®**

Take the hassles out of label printing... Label, mail and file smarter with proprietary DYMO Productivity Software.

Item No.

1761334

Description

LabelWriter® SE450

**LabelWriter® 4XL****Wide-Format Label Printer for Commercial and Office Use**

The DYMO LabelWriter 4XL label printer prints labels up to 4.16" wide - making it ideal for Enterprise Information System Labels, and other wide-format applications.

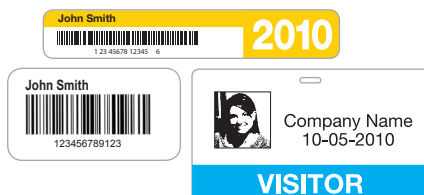

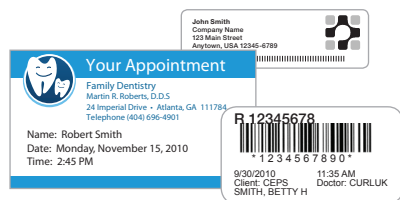

Item No.

1755120

Description

LabelWriter® 4XL

Make your healthcare application better with a DYMO Label

Practice Management

Implement Electronic Medical Records with minimal disruption - and maximum productivity

Integrate LabelWriter® barcode printing with your practice management solution and pave the way to fewer errors, faster reimbursements and greater efficiency. Compact, affordable LabelWriter printers fit comfortably in any medical office - and any budget.

Admissions

Admit patients faster - and keep the focus on care

As part of your admissions or patient identification solution, the LabelWriter 450 Twin Turbo label printer can print admissions and barcode labels without switching rolls. Save time with every patient you admit.

Laboratory

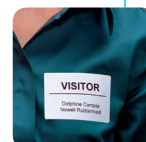

Bring improved accuracy and efficiency to any laboratory

Integrated with a laboratory information system (LIS), LabelWriter label printers add high-quality label printing - and so much more. Clear, legible LabelWriter labels help speed laboratory workflow, and reduce errors that may impact patient health. And DYMO reliability minimizes downtime and maximizes productivity.
